**Unchanged from the original fiscal note.**

Assumptions applied to amendment:

- According to a Tennessee Advisory Commission on Intergovernmental Relations March 1999 study of statewide annexations, on average 228 housing units were annexed annually between 1980 and 1995.
- In 2011 and each subsequent year, local governments will annex approximately 228 housing units and send notifications by mail, resulting in a not significant increase to local government expenditures.
